MEMORANDUM FROM OUR SUPERINTENDENT

To: School Board Members

Attached is the proposed budget for school year 2016-2017. There have been a few adjustments from the 2015-2016 budget, and I would like to share those with you for your information and consideration as you review these budget pages.

- Budgeted General Fund revenues and transfers in for 2016-17 are approximately \$1.4 million more than revenues received in 2015-2016
- Budget includes an Unassigned Ending Fund Balance of \$6.39 million which is just over 5%. In addition designated reserves of \$1.6 million have been established for specific purposes which potentially may occur during 2016-2017
- Allocations are based on being able to meet compliance with the Class Size Amendment
- Budget reflects an estimated decline in student enrollment from 2015-2016 of 78.34 FTE.
- Budget funds 16.64 fewer positions than were included in the 2015-2016 budget
- Millage rates reflect a decrease from 7.211 mills to 6.9270 mills
- Capital Improvement Tax millage yields \$1.5 million more than 2015-2016 due to the increase in the taxable values of real property in Charlotte County

A line item review of the budget was again conducted which has resulted in a balanced, efficient budget for 2016-2017 and, as noted above, includes a general fund balance to help offset emergencies or mid-year funding adjustments.

Sincerely,

Steve Dionisio

District Organization

Section 1

Public schools in Florida operate within the framework of the Florida School Laws, Chapters 1000-1013, Florida Statutes. Charlotte County Public Schools is a body corporate with the powers and duties specified in Florida Statues 1001.30.

The five School Board members are elected for four-year terms at the November general election from five district school board member residence areas, which are approximately equal in population. Each School Board member is charged with representing the entire district.

Responsibility for the administration and management of the schools and for the supervision of instruction in the district is vested in the Superintendent as the Secretary and Executive Officer of the School Board.

Florida statute requires that a balanced annual budget be submitted by the Superintendent to the district school board for adoption. Once adopted by the school board, it is then submitted to the Department of Education on or before the date required by rules of the State Board of Education.

Budget Overview

Section 2

The Charlotte County Public School budget is organized into five major separate and distinct types: the operating budget, the capital project budget, debt service, special revenue funds and internal service funds. When reviewing the figures in this budget summary, it is important to note that the budgets are kept separately because they each have separate and distinct purposes. Also, there are some restrictions on the movement of funds between types.

The **operating budget** consists primarily of the funds required to run the day-to-day operations of the school district. This includes salaries and benefits for most school district personnel (teachers, bus drivers, custodians, clerical, administrators), as well as the utilities, fuel, materials and supplies required to operate the school system.

The **capital project budget** is used for the construction of new buildings and renovation and repairs of existing buildings, purchase of school buses, and new and replacement equipment.

The **special revenue funds** account for the federal grants, as well as the operations of the school food service program.

The **debt service budget** is used for the payment of principal and interest on borrowed funds.

The **internal service funds** account for the costs associated with the Employee Benefit Trust Fund (Health Insurance). These are internal service funds because the revenues are derived from the operating and special revenue budgets or employee or retiree contributions.

Each budget type is further broken down into three sections: 1) by the sources of revenues (federal, state, or local); 2) the appropriation or allocation of expenses by fund, function, object, location; 3) fund balance at both the beginning and end of the budget year.

A more detailed explanation of the budgetary accounting system can be found in Appendix B

Budget Process Requirements

Section 3

TRIM

The Truth in Millage (TRIM) process informs taxpayers and the public about the legislative process which determines local ad valorem (property) taxes. Florida state laws provide for public input and for governing bodies of taxing authorities to state specific reasons for proposed changes in taxes and the budget.

When levying a millage, taxing authorities must follow Chapter 200 of the Florida Statutes (F.S.), which governs TRIM.

The TRIM process begins upon receipt of the certification of school taxable value from the county property appraiser on July 1st. Within 29 days the superintendent must submit a balanced budget to the school board for approval and advertise the intent to adopt a tentative budget, including the proposed millage rates. Two to five days after the ads appear in the newspaper the school board must hold a public hearing on the adoption of the tentative budget and millage rates including publicly announcing the percent, if any, by which the millage rates exceed the rolled back rate.

After the school board has adopted a tentative budget and the millage rates the school board notifies the property appraiser of the adopted rates and date of the final budget hearing. This information is included in the Notice of Proposed Property Taxes sent to each taxpayer in August.

In September the school board holds a final budget hearing at which it must first adopt its millage rates and then its budget for the upcoming school year.

Copies of the Certification of School Taxable Value and the required advertisements are included on the next several pages of this document.

NOTICE OF PROPOSED TAX INCREASE

The Charlotte County Public Schools will soon consider a measure to increase its property tax levy.

Last year's property tax levy:

Thi	s year's proposed tax levy	108,972,900
C.	Actual property tax levy	105,789,883
	Assessment changes	151,477
	Adjustment Board and other	
B.	Less tax reductions due to Value	
A.	Initially proposed tax levy	105,941,360

A portion of the tax levy is required under state law in order for the school board to receive 14,936,203 in state education grants.

The required portion has decreased by 0.34 percent, and represents approximately seven-tenths of the total proposed taxes.

The remainder of the taxes is proposed solely at the discretion of the school board.

All concerned citizens are invited to a public hearing on the tax increase to be held on July 28, 2016 at 5:30 p.m. in the Charlotte County Public Schools, Educational Support Services, Murdock Center at 1445 Education Way, Port Charlotte, Florida.

A DECISION on the proposed tax increase and the budget will be made at this hearing.

Millage Rates, Taxable Values and Tax Levies Section 4

In accordance with Section 1011.62(4)(e), F.S., the Department of Education is authorized to calculate the Prior Period Funding Adjustment Millage, which is levied by a school district if, in a prior year, the full amount of required local effort funds were not collected due to changes in property values. The Commissioner of Education calculates the amount of the prior period unrealized required local effort funds and the millage required to generate that amount. This levy is in addition to the required local effort millage certified by the Commissioner, but does not affect the calculation of the current year's required local effort

The School Board may set discretionary tax levies of the following types:

- (1) Current operation The Legislature set the maximum discretionary current operating millage at 0.748 mills, pursuant to Section 1011.71(1), F.S.
- (2) Capital outlay and maintenance School boards may levy up to 1.5 mills as prescribed in Section 1011.71(2), F.S.

General Fund Section 5

The Florida Education Finance Program (FEFP) is the primary mechanism for funding the general fund operating costs of Florida school districts. It is the foundation for financing Florida's K-12 educational programs. A key feature of the FEFP is that it bases financial support for education upon fulltime equivalent students (FTE) enrolled in the school district. The FEFP formula recognizes varying abilities of school districts to fund education from local property tax bases by distributing state aid for education in such a manner as to somewhat equalize educational opportunities across school districts. The amount of local property taxes that a district can levy is controlled by state legislature. Within the funding formula, specific purpose funding referred to as categoricals, designate how certain funds can be expended.

Each year five FEFP calculation documents are prepared by the state for districts which sets forth the amounts of local property taxes and state aid that the districts should receive for that budget year. The second calculation each year is used for preparing the school district's annual budget.

In Charlotte County over 90% of general fund revenues are determined under the FEFP formula of which approximately 70% will be collected from local property taxes.

Capital Funds

Section 6

District Capital Outlay Revenue Sources

Local Capital Improvement Tax Millage: School boards are authorized to levy a property tax of up to 1.5 mills for capital outlay and maintenance. The authorization of the levy and limitations on how these funds can be expended are prescribed in Section 1011.71(2), F.S. These revenues may be used for the costs of construction, renovation, remodeling, maintenance and repair of the educational plant, including the maintenance, renovation and repair of leased facilities to correct deficiencies; purchase of new and replacement equipment; rental and leasing of educational facilities and sites; purchase of new and replacement school buses; payment of principal and interest on lease purchase agreements; payment of the cost of premiums, as defined in section 627.403, F.S., for property and casualty insurance necessary to insure school district educational and ancillary plants; and enterprise resource software applications. Beginning in FY 2014-15 the legislature approved use of these funds for the districts Digital Classroom Plan.

State Public Education Capital Outlay (PECO) Construction: Article XII, section 9(a)(2) of the Florida Constitution provides that school districts may share in the proceeds from gross receipts taxes appropriation on utilities, referred to as Public Education Capital Outlay or PECO funds, as provided by legislative. These funds are provided to the district for construction, remodeling or renovations. Restrictions for use of these funds include new athletic facilities and performing arts centers. Any project using these funds must have been recommended in the educational plant survey.

State Public Education Capital Outlay (PECO) Maintenance: Article XII, section 9(a)(2) of the Florida Constitution provides that school districts may share in the proceeds from gross receipts taxes appropriation on utilities, referred to as Public Education Capital Outlay or PECO funds, as provided by legislative. These funds are for the purpose of prolonging the useful life of educational plants. The maintenance and repair of the facilities are the primary uses of these funds. At least one-tenth of the annual allocation must be spent to correct unsafe, unhealthy, or unsanitary conditions in the educational facilities. Any project using these funds must be based on the recommendations of an educational plant survey.

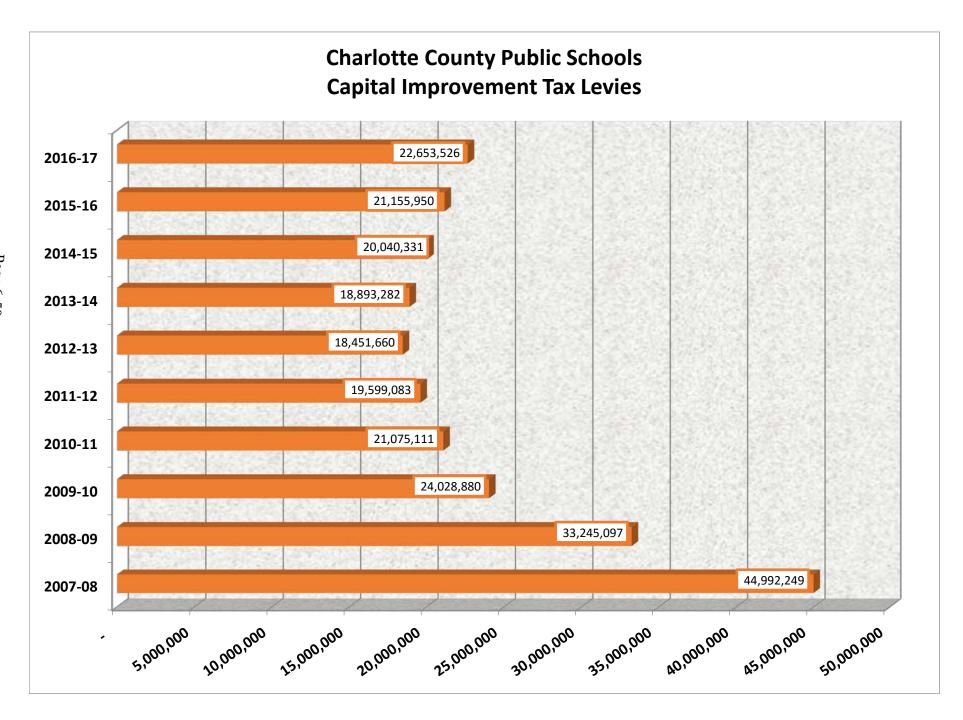

Capital Outlay and Debt Service: Article XII, section 9(d) of the Florida Constitution guarantees a stated amount for each district annually from proceeds of licensing motor vehicles, referred to as Capital Outlay and Debt Service or CO&DS funds. Any remodeling or renovation projects using these funds must be based on the recommendations of an educational plant survey.

Special Revenue Fund

Section 7

Special Revenue Fund

Special Revenue Funds – Federal Grants: are used to account for federal funds legally restricted for current operating expenditures, including the acquisition of fixed assets which are necessary for the implementation of the approved grants. Each grant requires separate accounting within the fund for revenues and expenditures and the submission of regularly scheduled expenditure reports as required under the terms of the grant. Although many grants continue each year, an annual grant plan must be submitted to the appropriate federal agency for approval. The District has not received approval for Fiscal Year 2016 federal grants at the time of preparation of this document, but it is anticipated that the Fiscal Year 2016 awards will be approximately the same as Fiscal Year 2015 less any impacts from sequestration, if actually occurs. The budget amendment process for these grants reflects the fact that the critical decision on budget approval is made when the Board authorizes the grant submission. Subsequently, if and when the granting agency authorizes the award, the authorization of the budget is considered to have been approved.

The purpose of the Special Revenue Fund - School Food Service Program: is to account for revenue and expenses associated with providing student meals. The main sources of revenue are federal funds and local sales. Federal sources consist of the reimbursements under the School Lunch Act and USDA commodities. The School Food Service Program is self-supporting and receives no subsidy from the District's General Fund.

Debt Service Section 8

Debt Service Fund

The purpose of the Debt Service Funds budget is to account for the payment of principal, interest, and other costs related to managing the District's outstanding capital debt. Payments are scheduled for State Board of Education bonds issued through the State of Florida, Qualified School Construction Bonds, and Qualified Zone Academy Bonds issued as Certificate of Participation (COPs) financing under federal programs. The major sources of funds in this budget are capital tax revenues transferred into the Debt Service budget and a Federal tax subsidy for the interest payments on the Qualified School Construction Bonds.

Internal Service Funds

Section 9

Internal Service Fund

This Internal Service Fund is used to account for the District's self-funded health insurance program. The costs of services provided by this fund to other funds and departments of the District are accumulated in this fund. The operating revenues of the Employee Benefit Trust Fund are provided by the School Board, employees, and retiree premium payments. In compliance with government accounting and reporting standards, the revenues for these purposes are also recorded in the applicable fund as expenses which inflate the overall appropriations of the total District budget.

Overview of School District Funding

Appendix A

Article IX, Section 1 of the Florida Constitution establishes the State of Florida's commitment to funding K-12 education as follows: "The education of children is a fundamental value of the people of the State of Florida. It is, therefore, a paramount duty of the state to make adequate provision for the education of all children residing within its borders. Adequate provision shall be made by law for a uniform, efficient, safe, secure, and high quality system of free public schools that allows students to obtain a high quality education..."

In 1973 the Florida Legislature enacted the Florida Education Finance Program (FEFP) and established the state policy on equalized funding to guarantee to each student in the Florida public education system the availability of programs and services appropriate to his or her educational needs that are substantially equal to those available to any similar student notwithstanding geographic differences and varying local economic factors.

To provide equalization of educational opportunity, the FEFP formula recognizes: (1) varying local property tax bases; (2) varying education program costs; (3) varying costs of living; and (4) varying costs for equivalent educational programs due to sparsity and dispersion of the student population.

The FEFP is the primary mechanism for funding the operating costs of Florida school districts. It serves as the foundation for financing Florida's K-12 educational programs. A key feature of the FEFP is that it bases financial support for education upon the individual student participating in a particular educational program rather than upon the number of teachers or classrooms. FEFP funds are primarily generated by multiplying the number of full-time equivalent (FTE) students in each of the funded education programs by cost factors to obtain weighted FTE students. Weighted FTE students are then multiplied by a base student allocation and by a district cost differential in the major calculation to determine the base funding from state and local FEFP funds.

Overview of School District Funding

Appendix A

Each school board participating in the state allocation of funds for the current operation of schools must levy the millage set for its required local effort from property taxes. Each district's share of the state total required local effort is determined by a statutory procedure that is initiated by certification of the property tax valuations of each district by the Department of Revenue. The State Legislature determines on an annual basis how much is to be raised state wide through local property taxes and how much is to be funded through state revenues. The Department of Education (DOE) then determines the required local effort millage rate (RLE) that must be levied to generate the required local share.

Program cost factors are determined by the Legislature and represent relative cost differences among the FEFP programs. In addition to the base funding allocation, allocations for specific purposes are included in the FEFP. Major allocations within the FEFP include Supplemental Academic Instruction Allocation, Exceptional Student Education Guaranteed Allocation, Transportation and Instructional Materials. Other state education funding includes Class Size Reduction funds as well as Lottery and School Recognition funds.

Accounting/Budgetary System

Appendix B

The District's accounting/budgetary system is organized on the basis of funds.

A Fund is a fiscal and accounting entity with a self-balancing set of accounts recording assets, liabilities, fund equity, revenues, expenses, and other financing sources and uses.

District Funds are as follows:

<u>General Fund</u> - Fund used to account for all financial resources except those required to be accounted for in another fund, commonly referred to as the Operating Fund.

<u>Capital Projects Funds</u> - Funds created to account for financial resources to be used for the acquisition, construction and equipping of facilities. Specific capital project funds are as follows:

Capital Improvement Tax Fund - Fund used to account for capital projects funded through the Capital Improvement Tax levy (commonly referred to as CIT).

PECO Fund—Fund used to account for capital projects funded through the state Public Education and Capital Outlay program (source: Gross receipts tax).

CO & DS Fund - Fund used to account for capital projects funded through the District's allocation of the state Capital Outlay and Debt Service program (Source: motor vehicle License tax).

Qualified Zone Academy Bonds- Proceeds used to purchase technology for various schools.

Qualified Zone Construction Bonds- Proceeds used to rebuild Meadow Park Elementary School and portions of Lemon Bay High School.

Accounting/Budgetary System Continued Appendix B

<u>Special Revenue Fund</u> - Funds used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specific purposes.

Special Revenue Fund - Fund used to account for specific federal grants that are restricted to expenditures for specific grant purposes.

Insurance/FEMA Special Revenue Fund- Fund used to account for proceeds from insurance and FEMA related to hurricane Charley recovery.

Food Service Fund - Fund used to account for the resources of the District's Food Service Program. (Sources: National School Lunch Act funds, State Food Service Supplement, and money received from sale of meals)

<u>Debt Service Funds</u> - Fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Specific debt service funds are as follows:

State Board of Education Bonds - These bonds are issued by the State Board of Education on behalf of the District and are funded by the District's portion of the State motor vehicle license tax.

Qualified Zone Academy Bonds- Proceeds used to purchase technology for various schools. Repayment funded by Capital Improvement Taxes.

Qualified Zone Construction Bonds- Proceeds used to rebuild Meadow Park Elementary School and portions of Lemon Bay High School. Repayment funded by Capital Improvement Taxes.

Employee Benefits Program - Fund used to account for the revenue for premiums from the school board on behalf of employees, participating retirees and employee paid premiums for health insurance and other optional cafeteria plan coverages.

Accounting/Budgetary System Continued Appendix B

Revenues are categorized by fund and source. Revenue sources are determined by law and, therefore, revenue accounts are structured by appropriation source and specific appropriation as follows:

- 100 Federal Direct. (130-Headstart Grant and 191-Navy Junior Reserve Officer Training)
- 200 Federal Through State (240-ECIA Chapter I-Basic, 230 Individuals with Disabilities Act, 261- School Lunch Reimbursement, etc.)
- 300 Revenue From State Sources. (310-State Florida Education Finance Program Funds, 341-Racing Commission Funds, 354-Transportation, etc.)
- 400 Revenue From Local Sources (411-District School Tax, 425-Rent, 451-Student Lunches, etc.)
- Transfers. These are transactions between funds administered by the Board and represent budgeted movement of monies not to be repaid. Such monies are revenue of the receiving fund, but not of the school system as a whole. (630-Transfer from Capital Projects Fund to General Fund for Maintenance)
- Other Financing Sources. Receipts consist of amounts received which either incur an obligation that must be repaid at some future date or change the form of an asset from property to cash and therefore decrease the amount and value of school property. (710-Sale of Bonds, 720-Loans, 730-Sale of Fixed Assets, etc.)

Accounting/Budgetary System Continued Appendix B

Expenditures are categorized by fund, function, object, location and project.

Function means the action or purpose for which a person or thing is used or exists. Function includes the activities or actions which are performed to accomplish the objectives of the school system. The activities of a local school system are classified into five broad areas for functions: Instruction, Instructional Support, General Support, Community Services, and Non-programmed Charges (Debt Service and Transfers).

5000 Instruction

Instruction includes the activities dealing directly with the teaching of pupils, or the interaction between teacher and pupils. Teaching may be provided for pupils in a school classroom, in another location such as in a home or a hospital, and other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium such as television, radio, telephone, and correspondence. Included here are the activities of aides or assistants of any type which assist in the instructional process.

6000 Instructional Support Services

Provides administrative, technical (such as guidance and health), and logistical support to facilitate and enhance instruction. Instructional Support Services exist as adjuncts for the fulfillment of the behavioral objectives of the instruction functions, rather than as entities within themselves. Although some supplies and operational costs are generated in instructional support, the major concern will be in the area of personnel.

6100 Pupil Personnel Services

Those activities which are designed to assess and improve the well-being of pupils and to supplement the teaching process. These activities include Attendance and Social Work, Guidance Services, Health Services, Psychological Services, and Other Pupil Personnel Services.

6200 Instructional Media Services

Consists of those activities concerned with the use of all teaching and learning resources, including hardware and content materials. Educational Media are defined as any devices, content materials, methods, or experiences used for teaching and learning purposes. These include printed and non-printed sensory materials.

Accounting/Budgetary System Continued

Appendix B

6300 Instruction and Curriculum Development Services

Activities designed to aid teachers in developing the curriculum, preparing and utilizing special curriculum materials, and understanding and appreciating the various techniques which stimulate and motivate pupils

6400 Instructional Staff Training Services

Activities designed to contribute to the professional or occupational growth and competence of members of the instructional staff during the time of their service to the school board or school. Among these activities are workshops, demonstrations, school visits, courses for college credit, sabbatical leaves, and travel leaves.

6500 Instructional-Related Technology

Technology activities and services for the purpose of supporting instruction. These activities include expenditures for internal technology support as well as support provided by external vendors using operating funds. These activities include costs associated with the administration and supervision of technology personnel, systems planning and analysis, systems application development, systems operation, network support services, hardware maintenance and support services, and technology-related costs that relate to the support of instructional activities. Specifically, costs associated with the operation and support of computer learning labs, media center computer labs, instructional technology centers, instructional networks, and similar operations should be captured in this code.

7000 General Support Services

Consists of those activities concerned with establishing policy, operating schools and the school system, and providing the essential facilities and services for the staff and pupils.

7100 Board

Consists of the activities of the elected or appointed body which has been created according to State law and vested with responsibilities for educational activities in a given administrative unit. Also included here are expenses of Board Attorney, independent auditors, etc.

Accounting/Budgetary System Continued Appendix B

7200 General Administration — (Superintendent's Office).

Consists of those activities performed by the superintendent in general direction and management of all affairs of the school system. This includes all personnel and materials in the office of the Superintendent.

7300 School Administration (Office of the Principal)

Consists of those activities concerned with directing and managing the operation of a particular school. It includes the activities performed by the principal, assistant principal, and other assistants in general supervision of all operations of the school, evaluations of staff members of the school, assignment of duties to staff members, supervision and maintenance of the records of the school, and coordination of school instructional activities with instructional activities of the school system. Includes clerical staff for these activities.

7400 Facilities Acquisition and Construction

Consists of those activities concerned with the acquisition of land and buildings, remodeling buildings, construction of buildings and additions, installation or extension of service systems, equipment, and improvements to sites.

7500 Fiscal Services

Consists of those activities concerned with fiscal operation of the school system. This function includes budgeting, receiving and disbursing cash, financial accounting, payroll, inventory control, and internal auditing.

7600 Food Services

Consists of those activities concerned with providing food to pupils and staff in a school or school system. This function includes the preparation and serving of regular and incidental meals, lunches or snacks in connection with school activities and the delivery of food.

Accounting/Budgetary System Continued

Appendix B

7700 Central Services

Activities, other than general administration, which support each of the other instructional and supporting services programs. These activities include Information Services, Personnel, Data Processing Services, Purchasing, Warehousing, and Printing.

7800 Pupil Transportation Services

Consists of those activities which have as their purpose the conveyance of pupils to and from school activities, either between home and school, school and school, or on trips for curricular or co-curricular activities

7900 Operation of Plant

Consists of activities concerned with keeping the physical plant open and ready for use. Major components of this function are utilities, custodial costs, and insurance costs associated with school buildings. This includes cleaning, disinfecting, heating, lighting, communications, power, moving furniture, caring for grounds, security and other such activities as are performed on a daily, weekly, monthly, or seasonal basis. Operation of plant does not encompass repairs and replacements of facilities and equipment.

8100 Maintenance of Plant

Consists of activities that are concerned with keeping the grounds and buildings at an acceptable level of efficiency.

8200 Administrative Technology Services

Activities concerned with supporting the school district's information technology systems, including supporting administrative networks, maintaining administrative information systems, and processing data for administrative and managerial purposes. These activities include expenditures for internal technology support, as well as support provided by external vendors using operating funds. These activities include costs associated with the administration and supervision of technology personnel, systems planning and analysis, systems application development, systems operations, network support services, hardware maintenance and support services, and other technology-related administrative costs.

Accounting/Budgetary System Continued

Appendix B

9100 Community Services

Community Services consist of those activities that are not related to providing education for pupils in a school system. These include services provided by the school system for the community as a whole or some segment of the community, such as community recreation programs, civic activities, public libraries, programs of custody and care of children, and community welfare activities.

9200 Debt Service.

Expenditures for the retirement of debt and expenditures for interest on debt including interest on current loans.

9700 Transfer of Funds

These are budgeted transactions which withdraw money from one fund and place it in another fund, under control of the board.

Accounting/Budgetary System Continued Appendix B

Object means the articles purchased or the service obtained. There are eight major object categories.

- Salaries, amounts paid to employees of the school system who are considered to be in positions of a permanent nature. This includes gross salary for personal services rendered while on the payroll of the district school board.
- Employee Benefits, amounts paid by the school system in behalf of employees. These amounts are not included in gross salary. Such payments are fringe benefits and, while not paid directly to employees, are part of the cost of employing staff.
- Purchased Services, amounts paid for personal services rendered by personnel who are not on the payroll of the district school board, and other services which the Board may purchase. While a product may or may not be the result from the transaction, the primary reason for the purchase is the service provided in order to obtain the desired result.
- 400 Energy Services, expenditures for the various types of energy used by the district.
- Materials and Supplies, amounts paid for items of an expendable nature that are consumed, worn out, or deteriorated in use.
- Capital Outlay, expenditures for the acquisition of fixed assets or additions of fixed assets. These are expenditures for land or existing buildings, improvements of grounds, construction of buildings, additions to buildings, remodeling and renovation of buildings, initial equipment, and additional equipment, motor vehicles, library books, non-consumable audio-visual materials, and computer software
- Other Expense, amounts paid for goods or services not otherwise classified. This includes expenditures for retirement of debt, payment of interest on debt, dues and fees, payment of compensation to persons on temporary appointment rendering services for less than four months, including substitute personnel.
- Transfers, these are transactions between funds administered by the board and represent budgeted movement of monies not to be repaid. Such monies are expenditures of the disbursing fund, but not of the school system as a whole. (910-Transfer to General Fund from Capital Projects Fund for Maintenance)

Location is the dimension in which costs are accumulated by school and department.

Project is used to account for expenditures on a specific project basis, such as federal and state grants, and construction projects

Budget schedule for school districts

Appendix C

The budget process and schedule for school districts is largely set by Florida State statute and regulations. The general schedule is as follows:

November—January School Board Workshops and approves District Goals

November Estimated Full time equivalent student projections by program submitted to the

Florida Department of Education.

January—April Schools and departments submit capital outlay requests, additional personnel

requests, and other expenditure requests; Preliminary personnel allocations

made for schools and departments.

May Superintendent reviews preliminary requests, develops preliminary budget.

June Florida Department of Education issues Revenue planning document based on

legislative outcomes; Superintendent makes necessary budget revisions.

July School Board review and preparation of Tentative Budget. Fiscal year starts;

Board holds first public hearing, sets maximum millage rates for year, adopts

Tentative Budget.

August Revise Tentative Adopted Budget; revise preliminary allocations.

September Board Holds Final Public Hearing; sets millage rates, adopts Final budget.
