Sole Source 23/24-JJ E-Control System, Inc.

Opened: April 4, 2024

The District will recognize E-Control System, Inc. as the Sole Source for the products identified on attached Sole Source letter, as a result of no contests being submitted during this Sole Source. This Sole Source was broadcast nationwide to over 313 organizations.

We will continue to recognize this for 1 year, at which time we will again verify this claim and post another Sole Source for those who may wish to challenge.

Effective dates of this Sole Source are from April 4, 2024 – April 3, 2025.

Re: E-Control Systems, Inc. – Sole Source

Dear Procurement Department:

E-Control Systems, Inc. (ECS) designs, manufactures, and owns each facet of our temperature monitoring solution (hardware, firmware, and FusionLive™ Software) and is the sole source provider of our complete temperature monitoring system, which includes: IntelliSense™, IntelliCheck™, IntelliRinse™, IntelliChill™, FusionLive™ Software, Hosting, and Support.

Our Patented Intelligent sensors (**U.S. Patent No. 9,064,389**) are unique to E-Control Systems and are capable of monitoring up to 4 points per sensor, including temperatures and doors. ECS also has the unique distinction of being the only company in our industry to include a complete Asset Management and Preventative Maintenance module as a standard feature of our FusionLive™ Software, as well as provide a free App for smartphones/tablets.

Charlotte County Public Schools has integrated our system into the school sites and warehouse, for monitoring of the refrigerated cabinets, as well as utilizing our FusionLive software, and asset management/preventative maintenance modules. ECS is the sole source for providing the hardware, software, and support for the currently integrated system.

If you have any questions, or need any further information, please don't hesitate to contact me via e-mail: ido.bernstein@econtrolsystems.com or via our toll-free number: (888) 384-3274. Thank you.

Sincerely,

Ido Bernstein, Director of Marketing
