Financial Aid Information

Financial assistance is money provided by various agencies (federal, state, and local governments; community organizations; and private corporations or individuals) to help students meet the costs of attending school.

Financial Aid Services have been developed to help you pay for educational expenses at CTC. Awards of financial assistance are based on a student's documented financial need. Students are encouraged to apply for financial assistance as early as possible but at least one month prior to the start of school. Students interested in Financial Aid have several resources available to them. Financial Aid is designed to help with school-related expenses such as tuition, texts, supplies, room and board, transportation, childcare, etc.

- Federal Pell Grant (www.fafsa.ed.gov)
- Campus-Based Aid
- Workforce Council—WIA
- Florida State Grants
- Vocational Rehabilitation
- Local Scholarships
- Veteran's Benefits

U.S. citizens and eligible non-residents can receive financial aid. Applications must be completed for each academic year. The worksheet is available at the CTC financial aid office or at www.fafsa.ed.gov

Training programs of 600 hours or more constitute eligibility for the Pell Grant in addition to other federal programs.

CTC students interested in any of the federal financial aid programs will need to contact the Financial Aid office for information.

Students who receive Title IV aid and withdraw from CTC will have their refund calculated according to the "Return of Title IV Guidelines."

Adults with Disabilities/Special Needs Student

All programs, campus organizations, and activities are open to all students who are handicapped. Should special needs arise, the administration and/or Student Personnel Services are to be notified.

"Ability to Benefit" (ATB) Policies and Procedures

Students who are 16 or older and have not earned a high school diploma or GED may be admitted to Charlotte Technical Center as an "Ability to Benefit" (ATB) student, in all programs except Dental Assisting and Practical Nursing.

The Postsecondary Career Specialist maintains a list of ATB students and keeps track of their progress in school. Both mid-term and end-of-quarter progress reports are checked and appropriate interventions are made for ATB students who are having difficulty with school. They may receive help from any of the following: Career Specialist, Adult Learning Center Instructors, CTC Paraprofessionals, Sponsoring Agency, or other outside agencies. Every effort is made to assist the student with their learning needs and to help them earn a full program certificate. An ATB student is encouraged to pursue their GED.

Adult Transfer

Postsecondary students transferring from other institutions are entered on a space-available basis. Students should request a transcript from their former school containing clock hours of attendance, grades, and skills acquired. Based on program requirements, additional testing and assessment of technical skills may be required. Student placement will be the result of mutual planning of the student, instructor, and administration.

As a postsecondary institution, CTC is a part of Florida's statewide course numbering system which facilitates the transfer of courses among participating institutions.

Privacy of Records

By law (1974 Family Educational Rights and Privacy Act or FERPA), student records may not be released without written consent of the student. School officials and teachers having legitimate educational interest are the exception. All others, such as police or officers of the court, must show proper authorization in order to examine student records.

Cheating

Charlotte County Public Schools defines cheating as “the inappropriate and deliberate distribution or use of information, notes, materials, or work of another person in the completion of an academic exam, test or assignment.”

Cheating violations may result in withdrawal from CTC. A student whose actions enable others to cheat will be considered to have committed the same act of cheating. This is a violation of the Code of Student Conduct which will result in discipline consequences related to the nature of the incident.

Vaccination Policy for Nursing

The role of LPN and Nurse Assistant is to perform selected acts in the care of ill, injured or infirmed, and the maintenance of health and prevention of illness of others, under the direction of a registered nurse, a licensed physician, or a licensed dentist. Physical and dental exams are required for Licensed Practical Nurse. A TB Test and FDLE Level 2 Background Check are required for clinical practice. A state licensure examination follows graduation.

School Board Rule 7.28, Sections 230.23 and 230.23015, Florida Statutes Rule 6A-1.0404, Florida Administrative Code, Gun Free School Zone Act of 1994

Prohibition of Harassment

The School Board prohibits harassment against any employee, applicant for employment, student, or student applicant based upon race, color, religion, sex, age, national or ethnic origin, political beliefs, marital status, disabling condition if otherwise qualified, or social and family background. Persons alleging such harassment shall use grievance procedures provided elsewhere in these policies to remedy such harassment. This policy also applies to non-employee volunteers who work subject to the control of school authorities.

Any employee or student who makes a complaint of harassment will be protected against retaliation.

Confidentiality will be provided to the extent possible, to any employee or student who alleges harassment.

Appropriate action will be taken when it is determined that harassment has occurred.

The Board desires to maintain an academic environment in which all students are treated with respect and dignity. A vital element of this atmosphere is the Board's commitment to equal opportunities and the eradication of discriminatory practices including sexual harassment. Sexual harassment is specifically prohibited by state and federal law and instances of harassment may result in both civil and criminal liability on the part of the individual harasser as well as the Board. Sexual harassment's destructive impact wastes human potential, demoralizes students, and perpetuates the tendency to further unacceptable behavior. For these reasons, the School Board forbids harassment against any student on the basis of sex. The Board will not tolerate sexual harassment activity by any of its students.

Definition

Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other inappropriate verbal or physical conduct of a sexual nature, wherever such harassment occurs on school property or at a school-sponsored event that is aimed at coercing an unwilling person into a sexual relationship whether or not it involves physical contact, or that substantially interferes with a student's academic performance, or creates an intimidating, hostile, or offensive school environment.

Examples of sexual harassment may include but are not limited to the following:

- a. Verbal harassment or abuse of a sexual nature
- b. Subtle pressure for sexual activity
- c. Repeated remarks to a person with sexual or demeaning implications (e.g., a person's body, clothes or sexual activity)
- d. Unwelcome or inappropriate physical contact such as patting, pinching, or unnecessary touching
- e. Suggesting or demanding sexual involvement accompanied by implied or explicit threats
- f. Display of sexually suggestive objects, pictures, or written materials

Sexual harassment does not refer to occasional compliments or welcomed interactions of a socially acceptable nature.

Specific Prohibition

It is sexual harassment for a student to subject another student or a school employee to any unwelcome conduct of a sexual nature on school property or at a school-sponsored event. Students who engage in such conduct shall be subject to penalties as described herein.

Procedures

Any student who alleges sexual harassment by another student should complain to the building principal, assistant principal(s), guidance counselors, or school-based equity coordinator. Filing of a complaint or otherwise reporting sexual harassment will not affect the student's status, extra-curricular activities, grade, or any other assignments. The complaint should be in writing, state the act or acts, state the date(s), state the names of witnesses, and be signed by the complainant.

The right to confidentiality, both of the complainant and of the accused, will be respected, consistent with the Board's legal obligations and with the necessity to investigate allegations of misconduct and take corrective action when this conduct has occurred.

In determining whether alleged conduct constitutes sexual harassment, the totality of the circumstances, nature of the conduct, and the context in which the alleged conduct occurred will be investigated. The Superintendent or designee has the responsibility of investigating and resolving complaints of sexual harassment.
