## How to take AR tests:

You can search book levels & quiz numbers on [arbookfind.com](http://arbookfind.com) 0.2-0.9 is kinder level 1.0 - 1.9 is grade one. These levels should be good for your child. After they have read the book 2-3 times go to the 'R' on the classlink called Renaissance. Click the orange box for AR test. Search the book title or quiz number. You can read the questions but please do not help with the answers. If they do not pass the test with an 80% or higher I will delete it and you can try again! (This is very common). Please read the book again!

\*\*\*If you are unsure if you should be taking AR tests please contact me.
