

Professional Services Selection Procedures

*Director of Purchasing &
Assistant Superintendent,
District Support Services*

Revised: November 12, 2014

The School Board of Charlotte County does not discriminate in educational programs/activities or employment on the basis of race, color, religion, sex, national origin, age, marital status or handicap.

ADMINISTRATIVE GUIDELINES FOR PROFESSIONAL SERVICES SELECTION PROCEDURES

PURPOSE: The purpose of this procedure is to provide Charlotte County Public Schools with guidelines for the selection and hiring of firms to provide professional services in conformance with the Consultant's Competitive Negotiations Act (CCNA) pursuant to Section 287.055 F.S.

CERTIFIED APPLICANTS: Charlotte County Public Schools, hereafter referred to as the Board, encourages firms desiring to provide professional services to submit statements of qualifications and performance data once every four years. Firms not yet qualified by the Board or that have undergone significant change may submit once each year. Prior to October 1 of each year the Board will advertise in the local newspaper(s) for firms wishing to apply to provide professional services (Appendix A). These services include architecture, professional engineering, landscape architecture, registered surveying, and mapping. Applicant firms shall submit a letter of interest, current Form 330, and proof of professional liability insurability within the specified time. The District Support Services staff will review the applicants' credentials and submit a list of acceptable applicants to the Superintendent for Board approval as certified to provide professional services. Among the factors to be considered in developing a "certified" list are the capabilities, adequacy of personnel, past record, and experience of the firm or individual.

For projects estimated to cost less than \$2,000,000, or if the estimated cost of professional services is less than \$200,000, District Support Services staff may select and directly negotiate with a firm from the certified list. It is the intention of the Board to equitably distribute contracts among qualified firms, provided such distribution does not violate the principle of selection of the most highly qualified firms.

SELECTION COMMITTEE: A professional services selection committee shall be convened when projects or group of projects have an estimated construction cost of more than \$2,000,000 or an estimated cost for professional services of more than \$200,000 contracts. These thresholds shall automatically adjust to match State of Florida statutes and/or administrative rules.

Membership of the Professional Services Selection Committee will be appointed by the Superintendent and will consist of six voting members and two alternates, one voting member who will be a community member or Charlotte Builders and Contractors Association Member and five additional appointees from the following:

- Construction Manager
- Project Specialist
- Director of Maintenance/Operations
- Facility Principal, Assistant Principal or Director
- Program Staff Member
- Charlotte Builders and Contractors Association (CBCA) Member and/or Community Member
- Construction Specialist
- Community Member
- Assistant Superintendent of District Support Services

Alternates will be selected at the time of project advertisement.

The committee must maintain not less than five (5) members, four (4) of whom must serve throughout the designated project selection process. The chairperson is to be either the Director of Maintenance/Operations or the Assistant Superintendent of District Support Services.

Professional Services Selection Committee meetings are open to the public, and the documents it uses are subject to the Public Records Law.

PROJECT ADVERTISEMENT: Projects with an estimated construction cost of more than \$2,000,000 or an estimated cost for professional services of more than \$200,000 will be advertised in a local newspaper of general circulation throughout the County one or more times (Appendix B). Copies of such advertisement may be sent to firms on the certified list and firms that may have a special interest or qualification for a particular project. The advertisement will include project name, address, and directions for submittal of proposal.

SUBMITTALS: For each advertised project or group of projects, interested firms are required to submit the following: letter of interest (list projects by name) and a Standard Form 330 (Appendix C)

Standard Form 330 forms are available at:
<http://www.gsa.gov/portal/forms/download/21DBF5BF7E860FC185256E13005C6AA6>:

SHORT LIST: For the purposes of reducing the number of applicants qualifying for interviews to no more than six (6), a short list committee will be formed. The Short List Committee will include at least two (2) District Support Services staff members and the Assistant Superintendent for District Support Services or the Director of Maintenance/Operations serving as Chairperson.

The following criteria and point values will be used to determine a number rating for each applicant:

- | | |
|---------------------------------|-------------|
| 1. Letter of interest | 0 points |
| 2. Standard form 330 | 0 points |
| 3. Certified minority business | 5 points |
| 4. Location | 0-10 points |
| 5. Current work load | 0-10 points |
| 6. Capability | 0-10 points |
| 7. Professional Accomplishments | 0-10 points |
- (See Appendix D, Items 1-7)

The six (6) firms with the highest ratings will be interviewed by the Professional Services Selection Committee.

INTERVIEW AND SELECTION: Applicants from the Short List will be notified and scheduled for an interview by the Professional Services Selection Committee. For the purpose of reducing the number of qualified applicants to three (3), the following criteria and point values will be used to determine a number rating and rank order.

- | | |
|-----------------------------------|-------------|
| 1. Letter of Interest | 0 points |
| 2. Standard forms 330 | 0 points |
| 3. Certified Minority Business | 5 points |
| 4. Location | 0-10 points |
| 5. Current work load | 0-10 points |
| 6. Capability | 0-10 points |
| 7. Professional Accomplishments | 0-10 points |
| 8. Schedule & Budget | 0-10 points |
| 9. Approach and Methods | 0-10 points |
| 10. Understanding of Project | 0-10 points |
| 11. Progressive use of Technology | 0-10 points |
| 12. Warranty Period | 0-10 points |
| 13. Construction Administration | 0-10 points |
- (See Appendix D, Items 1-13)

Applicants will be allowed a total of 45 minutes for the interview:

20 minutes for presentation

15 minutes for questions

10 minutes for closing comments

APPROVAL: The Professional Services Selection Committee Chairperson will present to the Superintendent for approval and presentation to the Board a ranked list (Appendix E) of the top three qualifying firms.

CONTRACT NEGOTIATION: With direction from the Superintendent and Board approval, Charlotte County Public Schools shall negotiate a contract with the most qualified firm for professional services at compensation which is determined fair, competitive, and reasonable, as set forth in Section 287.055(5)(a), Florida Statutes. The Assistant Superintendent for District Support Services, Director of Maintenance/Operations, Director of Finance, and the Construction Manager will serve as negotiators for Charlotte County Public Schools.

Should the Board or its agents be unable to negotiate a satisfactory contract with the firm considered to be the most qualified at a price the Board or its agents determine to be fair, competitive and reasonable, negotiations with that firm must be formally terminated. The Board or its agents shall then undertake negotiations with the second most qualified firm. Failing accord with the second most qualified firm, the Board or its agents must terminate negotiations. The Board or its agents shall then undertake negotiations with the third most qualified firm.

Should the Board or its agents be unable to negotiate a satisfactory contract with any of the selected firms, the negotiators shall select additional firms in the order of their competence and qualification and continue negotiations in accordance with this subsection until an agreement is reached.

END OF SECTION

ARCHITECT-ENGINEER QUALIFICATIONSOMB Control Number: 9000-0157
Expiration Date: 12/31/2020

Paperwork Reduction Act Statement - This information collection meets the requirements of 44 USC § 3507, as amended by section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless we display a valid Office of Management and Budget (OMB) control number. The OMB control number for this collection is 9000-0157. We estimate that it will take 29 hours (25 hours for part 1 and 4 hours for Part 2) to read the instructions, gather the facts, and answer the questions. Send only comments relating to our time estimate, including suggestions for reducing this burden, or any other aspects of this collection of information to: General Services Administration, Regulatory Secretariat Division (M1V1CB), 1800 F Street, NW, Washington, DC 20405.

PURPOSE

Federal agencies use this form to obtain information from architect-engineer (A-E) firms about their professional qualifications. Federal agencies select firms for A-E contracts on the basis of professional qualifications as required by 40 U.S.C. chapter 11, Selection of Architects Engineers, and Part 36 of the Federal Acquisition Regulation (FAR).

The Selection of Architects and Engineers statute requires the public announcement of requirements for A-E services (with some exceptions provided by other statutes), and the selection of at least three of the most highly qualified firms based on demonstrated competence and professional qualifications according to specific criteria published in the announcement. The Act then requires the negotiation of a contract at a fair and reasonable price starting first with the most highly qualified firm.

The information used to evaluate firms is from this form and other sources, including performance evaluations, any additional data requested by the agency, and interviews with the most highly qualified firms and their references.

GENERAL INSTRUCTIONS

Part I presents the qualifications for a specific contract.

Part II presents the general qualifications of a firm or a specific branch office of a firm. Part II has two uses:

1. An A-E firm may submit Part II to the appropriate central, regional or local office of each Federal agency to be kept on file. A public announcement is not required for certain contracts, and agencies may use Part II as a basis for selecting at least three of the most highly qualified firms for discussions prior to requesting submission of Part I. Firms are encouraged to update Part II on file with agency offices, as appropriate, according to FAR Part 36. If a firm has branch offices, submit a separate Part II for each branch office seeking work.

2. Prepare a separate Part II for each firm that will be part of the team proposed for a specific contract and submitted with Part I. If a firm has branch offices, submit a separate Part II for each branch office that has a key role on the team.

INDIVIDUAL AGENCY INSTRUCTIONS

Individual agencies may supplement these instructions. For example, they may limit the number of projects or number of pages submitted in Part I in response to a public announcement for a particular project. Carefully comply with any agency instructions when preparing and submitting this form. Be as concise as possible and provide only the information requested by the agency.

DEFINITIONS

Architect-Engineer Services: Defined in FAR 2.101.

Branch Office: A geographically distinct place of business or subsidiary office of a firm that has a key role on the team.

Discipline: Primary technical capabilities of key personnel, as evidenced by academic degree, professional registration, certification, and/or extensive experience.

Firm: Defined in FAR 36.102.

Key Personnel: Individuals who will have major contract responsibilities and/or provide unusual or unique expertise.

SPECIFIC INSTRUCTIONS**Part I - Contract-Specific Qualifications**

Section A. Contract Information.

1. Title and Location. Enter the title and location of the contract for which this form is being submitted, exactly as shown in the public announcement or agency request.

2. Public Notice Date. Enter the posted date of the agency's notice on the Federal Business Opportunity website (FedBizOpps), other form of public announcement or agency request for this contract.

3. Solicitation or Project Number. Enter the agency's solicitation number and/or project number, if applicable, exactly as shown in the public announcement or agency request for this contract.

Section B. Architect-Engineer Point of Contact.

4-8. Name, Title, Name of Firm, Telephone Number, Fax (Facsimile) Number and E-mail (Electronic Mail) Address. Provide information for a representative of the prime contractor or joint venture that the agency can contact for additional information.

Section C. Proposed Team.

9-11. Firm Name, Address, and Role in This Contract. Provide the contractual relationship, name, full mailing address, and a brief description of the role of each firm that will be involved in performance of this contract. List the prime contractor or joint venture partners first. If a firm has branch offices, indicate each individual branch office that will have a key role on the team. The named subcontractors and outside associates or consultants must be used, and any change must be approved by the contracting officer. (See FAR Part 52 Clause "Subcontractors and Outside Associates and Consultants (Architect-Engineer Services)"). Attach an additional sheet in the same format as Section C if needed.

Section D. Organizational Chart of Proposed Team.

As an attachment after Section C, present an organizational chart of the proposed team showing the names and roles of all key personnel listed in Section E and the firm they are associated with as listed in Section C.

Section E. Resumes of Key Personnel Proposed for this Contract.

Complete this section for each key person who will participate in this contract. Group by firm, with personnel of the prime contractor or joint venture partner firms first. The following blocks must be completed for each resume:

12. Name. Self-explanatory.

13. Role in this contract. Self-explanatory.

14. Years Experience. Total years of relevant experience (block 14a), and years of relevant experience with current firm, but not necessarily the same branch office (block 14b).

15. Firm Name and Location. Name, city and state of the firm where the person currently works, which must correspond with one of the firms (or branch office of a firm, if appropriate) listed in Section C.

16. Education. Provide information on the highest relevant academic degree(s) received. Indicate the area(s) of specialization for each degree.

17. Current Professional Registration. Provide information on current relevant professional registration(s) in a State or possession of the United States, Puerto Rico, or the District of Columbia according to FAR Part 36.

18. Other Professional Qualifications. Provide information on any other professional qualifications relating to this contract, such as education, professional registration, publications, organizational memberships, certifications, training, awards, and foreign language capabilities.

19. Relevant Projects. Provide information on up to five projects in which the person had a significant role that demonstrates the person's capability relevant to her/his proposed role in this contract. These projects do not necessarily have to be any of the projects presented in Section F for the project team if the person was not involved in any of those projects or the person worked on other projects that were more relevant than the team projects in Section F. Use the check box provided to indicate if the project was performed with any office of the current firm. If any of the professional services or construction projects are not complete, leave Year Completed blank and indicate the status in Brief Description and Specific Role (block (3)).

Section F. Example Projects Which Best Illustrate Proposed Team's Qualifications for this Contract.

Select projects where multiple team members worked together, if possible, that demonstrate the team's capability to perform work similar to that required for this contract. Complete one Section F for each project. Present ten projects, unless otherwise specified by the agency. Complete the following blocks for each project:

20. Example Project Key Number. Start with "1" for the first project and number consecutively.

21. Title and Location. Title and location of project or contract. For an indefinite delivery contract, the location is the geographic scope of the contract.

22. Year Completed. Enter the year completed of the professional services (such as planning, engineering study, design, or surveying), and/or the year completed of construction, if applicable. If any of the professional services or the construction projects are not complete, leave Year Completed blank and indicate the status in Brief Description of Project and Relevance to this Contract (block 24).

23a. Project Owner. Project owner or user, such as a government agency or installation, an institution, a corporation or private individual.

23b. Point of Contact Name. Provide name of a person associated with the project owner or the organization which contracted for the professional services, who is very familiar with the project and the firm's (or firms') performance.

23c. Point of Contact Telephone Number. Self-explanatory.

24. Brief Description of Project and Relevance to this Contract. Indicate scope, size, cost, principal elements and special features of the project. Discuss the relevance of the example project to this contract. Enter any other information requested by the agency for each example project.

25. Firms from Section C Involved with this Project. Indicate which firms (or branch offices, if appropriate) on the project team were involved in the example project, and their roles. List in the same order as Section C.

Section G. Key Personnel Participation in Example Projects.

This matrix is intended to graphically depict which key personnel identified in Section E worked on the example projects listed in Section F. Complete the following blocks (see example below).

26. and 27. Names of Key Personnel and Role in this Contract. List the names of the key personnel and their proposed roles in this contract in the same order as they appear in Section E.

28. Example Projects Listed in Section F. In the column under each project key number (see block 29) and for each key person, place an "X" under the project key number for participation in the same or similar role.

29. Example Projects Key. List the key numbers and titles of the example projects in the same order as they appear in Section F.

Section H. Additional Information.

30. Use this section to provide additional information specifically requested by the agency or to address selection criteria that are not covered by the information provided in Sections A-G.

Section I. Authorized Representative.

31. and 32. Signature of Authorized Representative and Date. An authorized representative of a joint venture or the prime contractor must sign and date the completed form. Signing attests that the information provided is current and factual, and that all firms on the proposed team agree to work on the project. Joint ventures selected for negotiations must make available a statement of participation by a principal of each member of the joint venture.

33. Name and Title. Self-explanatory.

SAMPLE ENTRIES FOR SECTION G (MATRIX)

26. NAMES OF KEY PERSONNEL (From Section E, Block 12)	27. ROLE IN THIS CONTRACT (From Section E, Block 13)	28. EXAMPLE PROJECTS LISTED IN SECTION F (Fill in "Example Projects Key" section below first, before completing table. Place "X" under project key number for participation in same or similar role.)									
		1	2	3	4	5	6	7	8	9	10
Jane A. Smith	Chief Architect	X		X							
Joseph B. Williams	Chief Mechanical Engineer	X	X	X	X						
Tara C. Donovan	Chief Electrical Engineer	X	X		X						

29. EXAMPLE PROJECTS KEY

NUMBER	TITLE OF EXAMPLE PROJECT (From Section F)	NUMBER	TITLE OF EXAMPLE PROJECT (From Section F)
1	Federal Courthouse, Denver, CO	6	XYZ Corporation Headquarters, Boston, MA
2	Justin J. Wilson Federal Building, Baton Rouge, LA	7	Founder's Museum, Newport, RI

Part II - General Qualifications

See the "**General Instructions**" on page 1 for firms with branch offices. Prepare Part II for the specific branch office seeking work if the firm has branch offices.

1. Solicitation Number. If Part II is submitted for a specific contract, insert the agency's solicitation number and/or project number, if applicable, exactly as shown in the public announcement or agency request.

2a-2e. Firm (or Branch Office) Name and Address. Self-explanatory.

3. Year Established. Enter the year the firm (or branch office, if appropriate) was established under the current name.

4. Unique Entity Identifier. Insert the unique entity identifier issued by the entity designated at SAM. See FAR part 4.6.

5. Ownership.

a. Type. Enter the type of ownership or legal structure of the firm (sole proprietor, partnership, corporation, joint venture, etc.).

b. Small Business Status. Refer to the North American Industry Classification System (NAICS) code in the public announcement, and indicate if the firm is a small business according to the current size standard for that NAICS code (for example, Engineering Services (part of NAICS 541330), Architectural Services (NAICS 541310), Surveying and Mapping Services (NAICS 541370)). The small business categories and the internet website for the NAICS codes appear in FAR part 19. Contact the requesting agency for any questions. Contact your local U.S. Small Business Administration office for any questions regarding Business Status.

6a-6c. Point of Contact. Provide this information for a representative of the firm that the agency can contact for additional information. The representative must be empowered to speak on contractual and policy matters.

7. Name of Firm. Enter the name of the firm if Part II is prepared for a branch office.

8a-8c. Former Firm Names. Indicate any other previous names for the firm (or branch office) during the last six years. Insert the year that this corporate name change was effective and the associated unique entity identifier. This information is used to review past performance on Federal contracts.

9. Employees by Discipline. Use the relevant disciplines and associated function codes shown at the end of these instructions and list in the same numerical order. After the listed disciplines, write in any additional disciplines and leave the function code blank. List no more than 20 disciplines. Group remaining employees under "Other Employees" in column b. Each person can be counted only once according to his/her primary function. If Part II is prepared for a firm (including all branch offices), enter the number of employees by disciplines in column c(1). If Part II is prepared for a branch office, enter the number of employees by discipline in column c(2) and for the firm in column c(1).

10. Profile of Firm's Experience and Annual Average Revenue for Last 5 Years. Complete this block for the firm or branch office for which this Part II is prepared. Enter the experience categories which most accurately reflect the firm's technical capabilities and project experience. Use the relevant experience categories and associated profile codes shown at the end of these instructions, and list in the same numerical order. After the listed experience categories, write in any unlisted relevant project experience categories and leave the profile codes blank. For each type of experience, enter the appropriate revenue index number to reflect the professional services revenues received annually (averaged over the last 5 years) by the firm or branch office for performing that type of work. A particular project may be identified with one experience category or it may be broken into components, as best reflects the capabilities and types of work performed by the firm. However, do not double count the revenues received on a particular project.

11. Annual Average Professional Services Revenues of Firm for Last 3 Years. Complete this block for the firm or branch office for which this Part II is prepared. Enter the appropriate revenue index numbers to reflect the professional services revenues received annually (averaged over the last 3 years) by the firm or branch office. Indicate Federal work (performed directly for the Federal Government, either as the prime contractor or subcontractor), non-Federal work (all other domestic and foreign work, including Federally-assisted projects), and the total. If the firm has been in existence for less than 3 years, see the definition for "Annual Receipts" under FAR 19.101.

12. Authorized Representative. An authorized representative of the firm or branch office must sign and date the completed form. Signing attests that the information provided is current and factual. Provide the name and title of the authorized representative who signed the form.
