

“Where’s the Bus®”

Parent App

Mornings are hectic and sometimes stressful as you get ready for work and prepare your kids for school. Add to that a late bus, or a bus that’s so early you don’t even realize it’s come and gone. Are you tired of wondering when the school bus is going to arrive? **Where’s the Bus®** is a school bus tracking app that is revolutionizing morning routines for parents and students by giving them real-time bus location and alerts to get them to the bus stop on time. No more standing in the sweltering heat, freezing cold, or pouring rain, wondering where the school bus is and when it will arrive. And no more being late for or missing the bus all-together.

If you don’t have a smartphone or tablet, don’t worry. You can still reap the benefits of the *Where’s the Bus®* (<https://www.wheresthebus.com>) website on a laptop or desktop computer. Choose Parents, and setup an account.

With *Where’s the Bus®*, you won’t have to wonder where your child’s bus is. You’ll KNOW!

From your computer go to:

1. <https://www.wheresthebus.com>

2. Click on  on the left hand side to setup an account. Read the fine print directions on the web-page.
3. Use the drop down menu to select “**Charlotte County (FL)**”
4. Enter your information.
5. Enter your student’s information and student ID number. If you have other students in the household you can enter them using the same logon.
6. Confirm these are your students and you’re ready to go!!

Parents are allowed to create an account only if they can validate their student’s information. The suggested validation method is to prompt a parent for the student’s birth date and student ID #. If the information entered does not match the Transportation student ridership database, the parent will not be able to create an account.
