August 2017

Dear Parent or Guardian:

Our school receives federal funds for Title I, Part A Programs. Throughout the school year, we will be providing you with important information about this law and your child's education. This letter lets you know about your right to request information about the qualifications of the classroom and staff and Title I tutors working with your child.

You have the right to request information regarding the professional qualifications of your child's classroom teacher(s) and/or Title I tutor. If you request this information, the district or school will provide you with answers to the following questions as soon as possible:

- 1. Has your child's teacher and/or Title I tutor met state licensing requirements for the grade level and subject in which the teacher is providing instruction?
- 2. What are the college degree majors and the fields of discipline for any graduate degrees or certificates the teacher holds if teaching under emergency status?
- 3. Is the teacher working under emergency status for which state licensing requirements have been waived?

If at any time your student has been taught for four (4) or more consecutive weeks by a teacher(s) or Title I tutor that is not certified and or qualified, you will be notified by the school of this information.

You also have the right to request information regarding the professional qualifications of the paraprofessional(s) assisting your child's teacher(s). If you request this information, the district or school will provide you with answers to the following questions as soon as possible.

- 1. Is your child receiving Title I, Part A services from a paraprofessional?
- 2. Has she/he completed at least two years of study at an institution of higher education?
- 3. Has she/he completed an associate's (or higher) degree?
- 4. Has she/he met a rigorous standard of quality by meeting our state's certification procedure for determining the quality of paraprofessional staff?
- 5. Does she/he have the (a) knowledge of, and ability to assist in instruction, reading, writing, mathematics or (b) knowledge of, and the ability to assist in learning activities such as homework, reading readiness, learning to teach, writing, mathematics, and other support as appropriate?

In addition, you have the right to be provided information on your student's level of achievement on state or school assessments in reading/language arts, mathematics, science, and social studies. This information will be available at your child's school.

If you would like to request this information, please contact your child's school.

Should you have any other questions regarding your child's education, please don't hesitate to call me at the number below.

Sincerely,

Ashley Monier
Coordinator of State & Federal Programs
Charlotte County Public Schools
