Dear Parent or Guardian:

Our school receives federal funds for Title I, Part A Programs. Throughout the school year, we will be providing you with important information about this law and your child's education. This letter lets you know about your right to request information about the qualifications of the classroom and staff and Title I tutors working with your child.

You have the right to request information regarding the professional qualifications of your child's classroom teacher(s) and/or Title I tutor. If you request this information, the district or school will provide you with answers to the following questions as soon as possible:

- 1. Has your child's teacher and/or Title I tutor met state licensing requirements for the grade level and subject in which the teacher is providing instruction?
- 2. What are the college degree majors and the fields of discipline for any graduate degrees or certificates the teacher holds if teaching under emergency status?
- 3. Is the teacher working under emergency status for which state licensing requirements have been waived?

The following teachers are currently considered "out-of-field" as they work to complete their coursework in ESOL. Students in these classrooms received letters indicating the teacher's out of filed status:
