

April 18, 2020

Hello, this is Steve Dionisio Superintendent of Schools.

I want to give you a quick update on the information I just received.

Governor Ron DeSantis this afternoon announced that he directing Florida schools to continue with distance learning the remainder of this school year.

What that means for Charlotte County schools is we will continue in our current education model for the remainder of this school year, which concludes May 28th.

Again, the remainder of the school year will be in our E-learning format.

As I get additional information, I will get it to you as soon as possible.

Be safe and stay home
