Course Overview: This document is designed to help you find materials, complete and submit assignments, and get help. My course uses Google Classroom, and in the event PGMS goes virtual or your child is absent from class, you can find all necessary materials and assignments there.

Where to Find Course Resources: Welcome to Coach Planer's physical education class. Due to covid and restrictions set forth, majority of the class will either be work completed via google classroom or fitness activities.

How to Submit Assignments Virtually: Video Tutorial: [How to Submit Assignments in Google Classroom](#) [you may replace this with your own content]

Google Classroom Codes: Have your student go to Google Classroom in [Classlink \(PGMS Homepage\)](#) or go directly to www.classroom.google.com. Once they are there, you should see your student's classes. If my class is not already there, click on the little "+" sign in the upper, right-hand corner and enter the following code as appropriate:

First Period: 24xwvjh
Second Period: ejzdohy
Third Period:
Fourth Period: tlwvjf2
Fifth Period: nlkocbl
Sixth Period: dc5ya7m
Seventh Period: mgsjga7

How to Get Technological Help:

Teachers may be able to solve minor issues related to Google Classroom or any other instructional technology or instructional software used in the course. You should alert them when there is an issue. However, some things require more specialized help, and you should use the [CCPS Helpdesk](#) to seek a remedy. In all cases, please be patient, as CCPS does not provide 24/7 tech assistance.
